	I93-04-002	Commission Order Instituting Investigation on the Commission's own motion into open access and network architecture development of dominant carrier networks.

Summary: On February 5, 2003, Tim McCallion, President-Pacific Region, Verizon California Inc. (Verizon), met with Tim Sullivan, advisor to Cmmr. Kennedy, in San Francisco. Also present was Jenny Wong, Director – Regulatory Affairs, Verizon. Written material (attached to the notice) was used. McCallion expressed great concern about the interim UNE rates recommended by the draft decision (DD), particularly the magnitude of the reductions on loops and switching costs. Wong pointed out that the DD proposed to adopt New Jersey UNE rates, characterizing them as one of the more recent UNE cost decisions by a state commission. Wong argued that a more recent UNE order was issued by the Florida Commission, based upon a cost study using 2000 cost inputs while the New Jersey cost study was primarily based on pre-1996 cost inputs. Wong explained that the reasonableness of Verizon's proposal for interim rates is supported by the recent Florida decision, which produced rates similar to those proposed by Verizon. McCallion concluded that the Verizon proposal is the more reasonable proposal and should be adopted.

Summary: On February 5, 2003, Judy Peck, Regulatory Relations Manager of Sempra Energy Utilities (SEU), met with Belinda Gatti, advisor to Cmmr. Brown, in San Francisco. Also present was Clay Faber, Manager of Gas Case Management of SEU. Written material (attached to the notice) was used. Faber reviewed the reasons behind Southern California Gas Company, San Diego Gas & Electric Company and the Office of Ratepayer Advocates making their joint request to delay the BCAP an additional 6 months. Faber also discussed the Commission's delay in authorizing implementation of the GIR decision and the difficulty this delay creates with regard to the BCAP filing. Faber concluded that the fate of GIR implementation should be much clearer by mid-year and the BCAP can proceed much more smoothly once the status of that issue is clarified.

2/10/03 R02-06-001 Order Instituting Rulemaking on policies and practices
for advanced metering, demand response, and dynamic
pricing.

Summary: On February 5, 2003, Marcel Hawiger, attorney for The Utility Reform Network (TURN), met with Pres. Peevey in San Francisco. Also present were Julie Fitch and Kevin Coughlan, advisors to Pres. Peevey, Sara Steck Myers, attorney for TURN, and Jeffrey Nahigian, a consultant with JBC Energy, Inc. Written material (attached to the notice) 'Advanced Metering OIR: Summary of TURN's position' was used. The written material addresses TURN's three principal concerns with respect to time-differentiated rates or advanced meters for small customers. Myers summarized these three points. Hawiger and Nahigian addressed specific examples of the need for developing record evidence of cost-effectiveness of advanced meters and dynamic tariffs for small customers before any system-wide deployment is authorized. In particular, Nahigian addressed both the results and applicability to California of the residential appliance saturation study of Pacific Gas and Electric Company and the time-of-use pilot initiated by Puget Sound Energy. Myers stated that the Commission should ensure that small customers were not asked to incur costs or participate in programs that were not mandated for large customers. Nahigian and Hawiger emphasized the existence of current demand reduction tools. Nahigian indicated that such programs have been demonstrated to provide cost-effective demand reduction.

Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.

Summary: *THIS IS AN AUGMENTED NOTICE OF AN EX PARTE COMMUNICATION THAT WAS FILED ON JANUARY 31, 2003 AND APPEARED IN THE CALENDAR OF FEBRUARY 13, 2003.* On January 27, 2003, David Rubin, Director, Service Analysis, Pacific Gas and Electric Company (PG&E), met with Cmmr. Brown in an all-party meeting in San Francisco. Also present was David Gamson, advisor to Cmmr. Brown, and other attendees, listed on the attachment to the notice. Rubin noted that PG&E's policy position in the proceeding is that all customers should pay their fair share of costs incurred by the Department of Water Resources (DWR), but PG&E acknowledges that the State has provided various incentives to distributed generation and that there may therefore be an argument in favor of some limited exemption from the DWR charges. Rubin also outlined how the settlement agreement on distributed generation issues represents a fair outcome. With respect to the applicability of the settlement agreement to net metering customers, Rubin stated that the settling parties had disagreed on the appropriate treatment, but had agreed to address this question through the Advice Letters.

Summary: On February 6, 2003, Tim McCallion, President-Pacific Region, Verizon California Inc. (Verizon), met with Pres. Peevey and Cmmr. Kennedy in two separate meetings in San Francisco. At the meeting with Pres. Peevey also present were Lester Wong, advisor to Pres. Peevey, and Jenny Wong, Director – Regulatory Affairs, Verizon; and at the meeting with Cmmr. McCallion also pointed out that the DD proposed to adopt New Jersey UNE rates, characterizing them as one of the more recent UNE cost decisions by a state commission. McCallion argued that New Jersey rates are one of the lowest Verizon rates in the country, are not cost based, and have other fundamental differences, which make them inappropriate for California. McCallion stated that the reasonableness of Verizon's proposal for interim rates is supported by the recent Florida decision, which produced rates similar to those proposed by Verizon. McCallion concluded that the Verizon proposal is the more reasonable proposal and should be adopted.

Summary: On February 6, 2003, Kurt Rasmussen, Senior Staff Consultant-Regulatory, Verizon California Inc. (Verizon), met with Robert Wullenjohn, advisor to Cmmr. Brown, in San Francisco. Verizon representatives stated that the draft arbitrator's report (DAR) imposes an administrative requirement as a precondition to implementation of the Federal Communications Commission rates for ISP bound traffic in a new interconnection agreement (ICA). Verizon representatives stated further that the DAR orders the parties to depart from the ISP Order on Remand's interim rate regime during the period the parties were renegotiating an expired ICA. Summary: On February 7, 2002, Leslie Katz, Regional Vice President, State Regulatory Relations of Sempra Energy Utilities (SEU), met with Pres. Peevey in San Francisco. Also present were Julie Fitch and Kevin Coughlan, advisors to Pres. Peevey, and Rick Morrow, Vice President, Customer Services, SEU. Morrow reviewed the petition for modification (Petition) filed by Duke Energy North America (DENA) and Cabrillo I, LLC and Cabrillo II, LLC (collectively, Cabrillo) and explained that San Diego Gas & Electric Company's (SDG&E) objective is to continue with its open season as scheduled, and recommended that the petition be denied. Morrow noted that SDG&E would consider changing the bidding rules to allow for hourly bidding if this would address the concerns expressed by Cabrillo and DENA. Morrow also explained that there is no heightened chance of gas curtailments as suggested in the Petition.
